Education

University of Massachusetts Boston — Boston, MA
Bachelor of Science in Computer Science — *Expected May 2026*

Skills

Languages: C++, C#, C | Java, HTML, CSS, JavaScript, SQL, Python, LaTeX
Tools & Frameworks: Unity, Git, MySQL, Agile, MERN

Projects

Portfolio — *React, TypeScript, CSS*

- Designed and deployed a responsive personal portfolio website using React, TypeScript, and CSS3 currently live and deployed using Kubernetes
- A professional showcase for recruiters and employers, emphasizing project work, technical skills, and experience.

Starweaver — *C#, Unity*

- Developed a fully playable 3D Souls-like RPG in Unity from the ground up, implementing core systems including combat, enemy AI, inventory management, save/load functionality, and boss encounters
- Scripted all game logic in C# and managed full version control throughout development using Unity Cloud

LocalVision — *C, Arduino, MongoDB, Express, React, Node.js*

- Built a fully functional embedded IoT security system using an Arduino Uno, camera module, and motion sensor
- Implemented a graphical user interface that displays live feeds from the cameras and delivers motion-triggered email alerts complete with user account creation and authentication stored securely with MongoDB
- Collaborated with a teammate using Agile workflows and GitHub, practicing branch management, code review, and iterative development

Kashimo — *Python*

- Developed a Anthropic-powered agentic system that forecasts electricity demand and provides grid operators with strategic recommendations to manage peak loads from AI data centers while preventing cascading failures and optimizing regional energy distribution
- Two agent system with multi-turn reasoning and function to analyze grid state, query historical demand patterns, and generate actionable advisory outputs for operators

Work History

YWU Mentor — *August 2025 -*
You're With Us — *Metheun, MA*

- Provided consistent peer mentorship to autistic young adults through a nonprofit alliance, fostering trust and communication skills across regular one-on-one sessions
- Maintained detailed session logs and timesheets, demonstrating strong documentation habits and accountability

Personal Care Aide (PCA) — *October 2018 - October 2020*
Tempus Unlimited — *Stoughton, MA*

- Delivered direct care to a patient with autism over a two-year period, managing time-sensitive physical and medical responsibilities with consistency and professionalism
- Developed strong interpersonal and adaptive communication skills working closely with individuals with developmental disabilities
